

St. Pierre Jolys Active Transportation Survey (School)

Active transportation is a "human-powered" way to travel and includes walking, cycling, inline skating, as examples, as well as travel with the use of mobility aids such as motorized wheelchairs. The Village of St. Pierre Jolys is undertaking an Active Transportation Plan (ATP). The ATP will guide how St. Pierre Jolys builds and maintains active transportation facilities in the coming years. R.J. Burnside & Associates Ltd. is conducting this survey on behalf of the Municipality. Should you have any questions about the survey or project, please feel free to email Tina Bubenzer at cao@villagestpierrejolys.ca or call 204-433-7832.

Your thoughts are important. Your name and contact information will **not** be collected. No identifying information will be kept. Responses will be tallied and reported to help improve active transportation within the community.

The survey will take approximately 5-7 minutes to complete. All questions are optional.

1. What is your child's most commonly used mode of travel to get to and from school?

- Active Transportation (walking, cycling, rollerblading, skateboarding etc.)
- ATV / snowmobile
- Automobile (driven singly)
- Automobile (car pool)
- Other

2. How often does your child travel to school, after school activities, or a friend or family's house using active transportation?

- Very often
- Often
- Occasionally
- Rarely
- Never

3. What prevents your child from using modes of active transportation more frequently (walking, biking, rollerblading, skateboarding, etc.)? (select all which may apply)

- I do not permit my child to walk/cycle etc. because I feel it is too dangerous
- My child has no interest in walking or cycling
- It is too difficult for my child in winter season
- Lack of connection to preferred destinations
- Nothing, my child uses active transportation often
- The surface of sidewalks / boardwalks are in poor condition
- Lack of, or insufficient winter maintenance of sidewalks / boulevards
- Insufficient lighting for early morning, evening travelling
- Other

4. Does your child feel safe participating in active transportation to travel to and from school?

- Very Safe
- Somewhat Safe
- Neither safe nor unsafe
- Somewhat unsafe
- Very unsafe

5. If you selected "Somewhat unsafe" or "Very unsafe" in the previous question, please explain why.

6. Does your child frequent any other destinations in St. Pierre Jolys using active transportation? Please detail the mode of transportation and location(s).

7. Does your child's mode of transportation to and from school change seasonally (winter vs summer)?

Yes

No

8. If you answered "yes" to the previous question, please explain which modes of transportation are used at each time of year.

9. Please add any additional suggestions about active transportation within St. Pierre Jolys in the text box below.

10. Please identify your child / children's age group.

Prefer not to answer
